Rula Nashaat is an Iraqi artist based in Amman, Jordan. A pharmacist by profession and a self-taught artist by passion. Embarked upon her art journey since as long as she can remember.

Her work has been sold in Jordan and abroad.

The works are known for their colorful patterns and intersecting layers of designs that provoke you to look beyond the painting and move you to another world where there's no boundaries and limits for imagination.

Her paintings are nestled between reality, dreams, and feelings of empowerment and resilience.
